General ADM Process Worldwide

In compliance with IATA Resolution **850M** and ARC ARA processes,

- An ADM can be sent out by the airline via BSP/ARC Link within 9 months after final travel date. When final travel date cannot be established, expiry date of the document will be used. After this period, payments will be settled directly between the travel agent and the airline.
- In line with IATA Resolution 850m, Airlink will send ADMs via BSP/ARC link with no financial consequences during the latency period (14 days or period fixed by the local BSP/ARC -link organization).
- When making a dispute, a valid and clear justification must be provided at all times otherwise the dispute cannot be handled. Responsible behavior in case of ADM disputes is required from both the Travel Agent /OTAs and the Airline staff.
- Please mention your contact details for an efficient handling by 4Z.
- Airlink will reply to your dispute within 60 days (in consistency with IATA Resolution and ARC ARA procedures) giving a clear explanation of acceptance or denial of the dispute.
- Should Airlink reject a dispute and Agent wants 4Z to re-investigate, agent is requested to respond to 4Z within 14 days to provide additional new information. Otherwise ADM will be submitted for settlement to BSP/ARC link.
- For non BSP/ARC cases, the ADMs shall be circulated by the respective local Airlink office.

ADM Issuance Process

- An ADM relates to a specific transaction and will not be used to group unrelated transactions together. However more than one charge can be included in an ADM if the reason for the charge is the same and a detailed supporting list is provided with the ADM.
- No more than one ADM will normally be raised in relation to the same original ticket issuance. When more than one ADM is raised in relation to the same ticket, it shall be specified for a different adjustment to previous issues.
- Except where otherwise agreed in the local market, ADMs will not be used to collect third party costs not directly associated with the initial ticket issuance of passenger journey. However GDS wastage costs form an exception and will be settled through ADMs.
- In case deviations of the fare rules are found on tickets during an audit process, Airlink will systematically generate ADMs reflecting value of difference between the applicable fare and the applied fare.

Minimum ADM Amount

- The minimum amount, for which an ADM is raised, is \$10.
- Airlink can issue one ADM with multiple reasons for one original ticket in regard to minimum amount. In case of persistent practices of under collection (multiple occurrences of underpayments of less than **USD 1** by the same IATA/ARC Agent, 4Z reserves the right to recover these underpayments by issuing an ADM.
- In case of ADM related to fuel surcharge, other surcharges, commission, taxes, penalties and fees, no minimum applies and an ADM will be generated for value due.

ADM Dispute

- Airlink will endeavor to handle rejected or disputed ADMs in a timely manner in compliance with applicable IATA resolutions and regulations. The travel agent can dispute the ADM as per the “Latency period” applicable in respective BSP/ARC country/market practice.
- Airlink shall evaluate the reasons for the dispute and approve where it is proved that the charge was not due.
