

Dear Trade Partner,

Whether it is next to the window or the aisle, we know that finding your comfort zone onboard is paramount to a great flying experience. That is why we are delighted to introduce Vistara Select - a service that lets you choose your seat at a nominal fee and enjoy your journey, your way.

This service is presently applicable in Economy Class cabin only. Seats in Premium Economy and Business Class continue to remain complimentary. Our Club Vistara Platinum members continue to enjoy this service without any charge across all cabin classes and fare families (except when travelling on Economy Lite fares). Seat selection, including Emergency Exit Row seat selection, will be chargeable for Club Vistara Gold, Silver and Base members.

In case you don't wish to purchase a proffered seat, you can always select from the seats available during web check-in or you would be assigned a seat free of charge when checking-in at the airport.

This service will be applicable for bookings effective 20th February 2020, and for travel effective 1st March.
